To deter theft - No points are directly on roads. Do not leave gear unattended or on roads.

The area is subject to continuous forestry operations, vegetation is in various stages of growth.

Roads and trails are shown to the best of our data, and are very reliable. However some new roads and trails may have been developed and some trails may be overgrown.

Streams are shown to the best of our data. The location of smaller brooks and streams are not always reliable, also some seem to be underground.
